Mrs. A. T. Lyle has returned
from an extended (that's what
A. T. thinks, anyhow) visit to
relatives at Fort Worth, accom-
panied by her charming niece,
Miss Helen Murdock, who will
spend about a month here.

C. & G. Hagelstein Co. advise
us that they have received the
contract to increase the size of the
Eldorado water works system.
Among other improvements their
contract calls for will be a change
from 3 to 4 1/2 pipe in well, a 4
H. P. Fairbanks-Morse gasoline
engine, larger tanking, 2000 feet
more of mains, etc. C. & G.
Hagelstein Co. are again to be
congratulated.

"Mabel" extends her thanks
to the unknown author of the
essay entitled, "The Other Side
of the Medal." The composition
is, in every way, excellent, in-
teresting, and full of the true
spirit of optimistic altruism. In
the fourteen pages there is not a
line or a sentence that does not
contain wisdom in a worthy,
literary setting. The unknown
is thanked.

Mr. D. S. Warner, of Mills
county, Texas, and Dr. W. W.
Warner, of Washington Parish,
La., relatives of Dr. T. W. Con-
erly, who were out on a visit to
Dr. Conerly and the Concho coun-
try, returned to their homes last
week. They expressed themselves
as having enjoyed their visit very
much. Dr. Warner's wife came
also and will remain several
weeks before returning home.

The front of the Gantt furni-
ture emporium has been arrayed,
not "in purple and fine linen," but
in coats of black, red and green
paint. One of the Colonel's
friends, who, at the same time
must be a jealous one, remarked:
"Mighty gay for an old man."
There is nothing suggestive of age
about the Colonel's appearance.
He walks erect, his gaze is as
penetrating as that of a black
eyed charmer, his muscles like a
prize fighter's and even his locks
are the golden blonde of youth!

Dr. F. A. Hess, of Lipan Flat,
was in the city Saturday and had
his Press changed to the new
postoffice, Mereta. He reported
that Frank Duckworth, 12 years
old, who recently had his left arm
broken between wrist and shoul-
der, was progressing nicely. Frank
was driving in a vehicle and lead-
ing a horse behind when the horse
gave a jerk, with the result stated.

Literary.

I have received copies of the
"Bohemian," "The Tea Table,"
"The Quaint Magazine," "The
Public" and "The Westminster
Chap Book." The "Bohemian"
is devoted almost entirely to the
printing of amateur work in the
short story line, and much of it
is weak, indeed. "The Tea
Table" is quasi society rubbish,
pure and simple, possessing
neither merit nor originality.
"The Quaint Magazine" belongs
to the great family of freak litera-
ture, but is well edited. The
shape, 7x8 inches, makes it handy
to the pocket.

"The Public" (Post, Chicago)
easily ranks amongst the first in
literary merit. The style is con-
cise, logical and easy. The notes
are always pointed and witty, the
editor consistent and fearless.

"The Westminster Chap
Book," published at Franklin,
Ind., is a model of typography.
The current number contains
some specimen book plates from
the original wood blocks, and a
most highly interesting article
entitled "Notes on the Revival of
Printing," dealing largely with
the influence exercised by Wil-
liam Morris on the art of print-
ing and book making.

The only objection I can find
to this little magazine, is, that it
is wire bound.

ings.

Lee Burdick, one of the C. & G.
Hagelstein Company's travelers,
is home again after a 400 mile
trip on the auto-bike. The last
"lap" on this journey was from
the Callan ranch in Menard
county, which is 48 miles from
San Angelo, and the stretch was
covered in 2 1/2 hours, leaving the
ranch Sunday at 5 p. m., and
arriving in San Angelo at 7:30 p.
m., a speed of about 20 miles per
hour, which included stops for
gates and wading through the
river.

Woodmen's Graves Decorated.

Concho Camp, No. 66, Wood-
men of the World, and the lad-
ies' circle of the order, went to
Fairmont cemetery Sunday after-
noon and decorated the graves of
deceased Sovereigns B. L. Wilson,
P. F. Cook, E. L. Carruth and
Gotthold Huber. The floral
decorations were very tasteful and
appropriate, and most strikingly
beautiful, and the attendant cere-
monies very impressive. A num-
ber of persons witnessed the
scenes.

The local camp is in a deserved-
ly flourishing condition, the mem-
bership large, the officers all
zealous, and all taking deep in-
terest in the noble work of the
order, which takes care of its
members during life and there-
after long remembers them, cher-
ishing and keeping fresh fond
memories when they have gone
over to the great and silent ma-
jority.

Results from The Press.

The sleepy headed chump who
roots for the Press was leisurely
sauntering up Chadbourne street
Saturday, quietly humming the
tune "I had a good thing and I
lost it," when he was startled by
a voice in the shop of A. F. Rose,
the popular maker of fine stock-
men's saddles, etc. "Say, Pro-
bandt, take that 'Buggy for Sale,'
advertisement of mine out of The
Press—they've been swarming
around here like bees after that
buggy and I sold it to Mr. William
Hughes, the Concho county ranch-
man, and after that I had several
more enquiries for it. Take it
out! Take it out!! Take it OUT!!!
Moral—But a blind man can see
it."

Dr. S. C. Parsons has been ad-
vertising for a horse in the Press,
and his home on First street, in
Miles addition has since resembled
a base of supplies for the British
army's cavalry, and the genial
doctor says they come with their
horses "from early morning till
dewy eve." These items prove
that the Press is the advertising
medium of the San Angelo Coun-
try (we do not claim the earth)
and that it reaches both buyer
and seller.

Masonic Election.

San Angelo Lodge, No. 570, A.
F. & A. M., held its annual elec-
tion of officers last Saturday night
with the following result:

C. H. Powell, Worshipful Mas-
ter; B. B. Hall, Senior Warden;
J. R. Nasworthy, Junior Warden;
C. E. Mayes, Treasurer; A. S.
Gantt, Secretary.

The tiler, deacons and stewards
will be appointed by the new
Worshipful Master and all new
officers installed at the stated
meeting on June 24—St John's
day.

Incipient Conflagration.

A general fire alarm was turned
in Saturday about 1 o'clock, p. m.
on account of a trash heap back
of the Central Drug Store taking
fire and communicating to the
high board fence. Prompt meas-
ures extinguished it and the fire
laddies responded with their usual
"three A's"—alertness, alacrity
and agility. These as a motto
would fit San Angelo's fire depart-
ment "to a t-y-t-y."
